

Dubai visa validity?

The valid until date on a Dubai Tourist visa specifies the last date it is valid for entry. This means you can enter UAE and Dubai on or before this date but can stay for 30 days after your entry. For example, if dubai visa is valid until May 30th 2023 and you enter on May 29th you can stay legally until June 29th. But you can't enter the country after May 30th.
